Dear Neil,

Reunion 2017 is now a fond memory of the connections and discovery experienced by the Class of 1962. Along with your classmates and the thousands of others who enjoyed a weekend filled with friendship and a wonderful variety of events, it is my pleasure to say, "well done."

The Class of 1962 is remarkably connected to Cornell and to one another. I especially enjoyed the time spent with the class at the reception Friday.

Weekends like Reunion take years of planning and preparation and require strong leadership. I hope you were as gratified as I was to see so many Cornellians and their guests enjoying the events, activities, and camaraderie. Thank you for everything you did as a leader and a volunteer to make the 2017 Reunion Weekend such an unqualified success.

Sincerely,

A handwritten signature in black ink that reads "Martha E. Pollack".

Martha E. Pollack
